

CANDIDATE PACK

Two new roles:

Youth Worker and Youth Support Worker for our new 'Club Class' youth club in Bournemouth

Thank you for your interest in working for The Separated Child Foundation.

About us

Established in 2007, The Separated Child Foundation offers practical, emotional and social support to separated children and young people in Britain who are asylum seekers or refugees - sometimes referred to as 'unaccompanied asylum-seeking children (UASCs)'. The children we support arrive with nothing, having fled their homeland because of war, terror or persecution.

We are a small but growing charity and currently have four part-time staff members: our Chief Executive Officer, an Executive Assistant, a Programme Manager, and a Project Manager for our Arrival Packs and Sleep Packs project. The staff team is supported by eight Trustees, 50 volunteers, and a freelance youth worker who delivers our Club Class programme in Croydon (in conjunction with the Refugee Council).

Why separated children need our help

In 2021, the UK received 3,762 applications for asylum from children having arrived here alone, because their parents had been killed, imprisoned or otherwise were unable to leave (Refugee Council, 2021). Separated children share with other refugees a well-founded fear of persecution. They experience the double trauma of separation not only from their homeland, culture and natural environment but also from the adults in their family who gave them care.

About Club Class in Bournemouth

'Club Class' is our weekly educational youth club programme. Club Class in Bournemouth is working in partnership with the International Care Network (ICN). This will be a one-year pilot commencing Wednesday 7th September 2022. The sessions will take place between 4.30pm-7.30pm and will run weekly throughout the year including school holidays.

Normally, the youth worker (or youth support worker, in the absence of the youth worker) would provide an interactive session on a specific topic for around an hour and a half preceded by welcomes, introductions and an icebreaker (it usually takes 15-30 mins for participants to arrive before a session properly starts). After this is an opportunity for the youth worker to facilitate a workshop designed based on either a subject of the young people's choice or a topic you feel would be useful for the young people to cover. The session plans should include a mixture of discussion, games and interactive activities. They should take into account the variety of ages and English language ability within the group.

Examples of subjects covered would be:-

- Cultural orientation including introduction to life in the UK
- Healthy relationships
- Drug and alcohol awareness
- Anti-social behaviour and youth crime
- Internet safety
- Self-esteem
- Work experience and volunteering

About these roles

Youth worker

Youth support worker

The youth support worker will attend sessions to support the youth worker and will also cover sessions when the youth worker is away.

Both roles are offered on a self-employed basis.
