Youth Worker for 'Club Class' youth club in Bournemouth

Thank you for your interest in working for The Separated Child Foundation.

About us

Established in 2007, The Separated Child Foundation offers practical, emotional and social support to separated children and young people in Britain who are asylum seekers or refugees - sometimes referred to as 'unaccompanied asylum-seeking children (UASCs)'. The children we support arrive with nothing, having fled their homeland because of war, terror or persecution.

We are a small but growing charity and currently have three part-time staff members: our Chief Executive, a Programme Manager, and a Project Coordinator for our Arrival Packs and Sleep Packs project. The staff team is supported by 12 Trustees, 50 volunteers, and the freelance youth workers who deliver our Club Class programmes. We also have a freelance fundraiser, an HR consultant and external accountants.

Why separated children need our help

In 2023, there were 3,412 applications from unaccompanied asylum-seeking children (Home Office Feb 2024) having arrived here alone because their parents had been killed, imprisoned or otherwise were unable to leave. Separated children share with other refugees a well-founded fear of persecution. They experience the double trauma of separation not only from their homeland, culture and natural environment but also from the adults in their family who gave them care.

About Club Class in Bournemouth

'Club Class' is our weekly educational youth club programme. Club Class in Bournemouth is delivered in partnership with the International Care Network (ICN). This project is now well established, having first launched in 2022. The sessions take place on a weekly basis between 4.30pm-7.30pm, throughout the year including school holidays.

The youth worker facilitates an interactive group session on a specific topic interspersed with games and fun activities. Sessions are designed through a combination of topics selected from The Separated Child Foundation's framework and subjects that the young people have expressed a desire in exploring together. The session plans should include a mixture of discussion, games and interactive activities, taking into account the variety of ages and English language ability within the group.

Examples of subjects would be:-

- Cultural orientation including introduction to life in the UK
- Healthy relationships
- Drug and alcohol awareness
- Anti-social behaviour and youth crime
- Internet safety
- Self-esteem
- Work experience and volunteering

About this role

This role is offered on a freelance basis commencing October 2024 at the latest.
